GIS Mapping & Labeling the Federal Agencies & Offices in Northern California

VIRTUAL STUDENT FEDERAL SERVICE

VSFS

Project Title	GIS Mapping & Labeling the Federal Agencies & Offices in Northern California
Project Summary	Fast moving emergencies require preventative measures as well as targeted & fast moving responses so that lives can be saved! Help us visually map our the Federal Agencies & Offices in Northern California.
Country	United States

Project Description

In the case of an emergency, the San Francisco Federal Executive Board notifies and acts as a liaison for all of the Federal Agencies & Offices in Northern California. We do not have a visual map of all of these locations which means that everyone is contacted, not just those directly affected.

Required Skills or Interests

Skill(s)
Coding
Data analysis
Data visualization
GIS expertise
Software development

Additional Information

GIS map and source data: https://www.gsa.gov/policy-regulations/policy/real-property-policy/asset-management/federal-real-property-profile-frpp/federal-real-property-public-data-set

We are looking to have a GIS map of the 461 Agencies & Offices in the 9 County Bay Area and perhaps all the Agencies & Offices in Northern California. We'd want the map to be editable by non-GIS savvy folks so that every location can include Agency, Postal Address, # of employees, etc.
